Department of Services for Children, Youth and Their Families
Division of Prevention and Behavioral Health Services

Department Background:

Department of Services for Children, Youth and Their Families – “*Our Children, Our Future, Our Responsibility.*”

The Department of Services for Children, Youth and Their Families (DSCYF) was established in 1983 by the General Assembly of the State of Delaware. Its primary responsibility is to provide and manage a range of services for children who have experienced abandonment, abuse, neglect, adjudication, mental illness, or substance abuse. Its services include prevention, early intervention, assessment, treatment, permanency, and aftercare. The Department’s mission is to assist children, youth and families in making positive changes through services that support child and public safety, behavioral health and individual, family and community well-being.

The Division of Prevention and Behavioral Health Services (DPBHS) is part of the Delaware Department of Services for Children, Youth and Their Families. On July 1, 2010, the Division of Child Mental Health and the Office of Prevention and Early Intervention merged to become the new Division of Prevention and Behavioral Health Services (DPBHS). DPBHS provides a statewide continuum of prevention services, early intervention services, and mental health and substance abuse (behavioral health) treatment programs for children and youth.

Our Division’s mission: **To develop and support a family-driven, youth-guided, trauma-informed prevention and behavioral health system of care.**

Our Division’s Vision: **Resilient Children and Families living in Supportive Communities.**

Announcement:

The State of Delaware’s Department of Services for Children, Youth and their Families, Division of Prevention and Behavioral Health Services announces the opportunity for organizations to bid for a contract to develop and run a crisis texting service for youth and young adults. The contractual relationship is anticipated to potentially last from the time the contract is signed until September 30, 2019. Contract renewals will be contingent on satisfactory performance and availability of funds. Renewal beyond the initial 12 months is not guaranteed.

This initiative is a part of Project SAFETY, a SAMHSA Garrett Lee Smith Suicide Grant awarded to DSCYF.

Goal of the Solicitation: The desired crisis text support program is intended to support youth and young adults who find themselves in a crisis situation by providing those users with a free resource to help navigate the crisis to find support and/or resolution. The successful bidder’s staff must be adequately trained to manage crisis scenarios for youth and young adults including those with suicidal thoughts through communication via text messaging.

Areas of Focus:

Bidders must demonstrate how funds will be used to implement the proposed texting program.

The primary targeted population is ages 12-24 years. This population represents about 20% of the State of Delaware’s population and covers approximately 185,000 people statewide.

Budget: Funding for this initiative is provided by Project SAFETY through its SAMSHA funding. The SAMSHA grant will end on September 30, 2019. While sustainability is a goal for the SAMSHA grant, funds cannot be guaranteed after September 30, 2019. The first contractual budget period resulting from a contract award from this RFP process will run through September 30, 2016. The subsequent four contractual budget periods will be 12 months from October 1 through September 30th. There is no guarantee for a contract beyond September 30, 2016.

The successful bidder must accept full payment by conventional check and/or other electronic means and/or procurement (credit) card at the State's option, without imposing any additional fees, costs or conditions.

Match Requirement: There is NO cash or in-kind match requirement for these contracts. However, in-kind support from bidders is encouraged.

Proposal Production Guidelines:

- Priority will be given to bidders demonstrating experience in supporting youth and young adults through interactive media, specifically text messaging. This support includes counseling and referrals to partner organizations that focus on mental health, suicide, bullying, dating violence, eating disorders, rape, etc.
- Priority will be given to bidders who demonstrate accurate, up to date knowledge of the Delaware treatment system for children, youth and young adults. This should include knowledge of specific services and agencies.
- Priority will be given to bidders demonstrating the ability to identify and manage at-risk individuals between the ages of 10-24, including those from high risk communities. Skill in crisis alleviation and management, suicidal ideation or behavior is necessary.
- Priority will be given to bidders that demonstrate the ability to use collected texting data to affect policy decisions and treatment service allocation.
- Inclusion of a detailed plan for sustainability of the texting program, once SAMHSA grant funding has ended to the State of Delaware.
- Information must be provided on how individuals will learn about and access the program, for example marketing strategies.
- If awarded a contract bidder may be required to develop an operation manual that can be made available to other jurisdictions interested in replicating the program.
- If awarded a contract and selected by the DPBHS for in-depth evaluation, bidders are required to comply with the evaluation design and collect required data.
- Responsive bidders must address cultural issues in their proposals in terms of the design and implementation of program. Cultural competence refers to a system of policies, skills, and attitudes that enable a program to effectively respond to differences in cultural beliefs, behaviors, and communication styles.

Potential Performance Measures

All successful bidders must submit monthly program and financial progress reports and a final cumulative report at the end of each contract year addressing the accomplishment of mandatory output and outcome measures along with individual program goals, implementation, performance, and impact objectives.

Information on suicide prevention is provided at the Suicide Prevention Resource Center (SPRC), a national resource supported by SAMHSA. The site contains information for individuals and practitioners with links and descriptions of a number of trainings, evidence-based programs and other resources. The link to the website is <http://www.sprc.org/>. It also includes a *Best Practices Registry* for suicide prevention.

Links to SPRC and other related resources for responding to and preventing school violence and suicide can be found at the SAMHSA website for Safe Schools, Healthy Students. <http://www.sshs.samhsa.gov/resources/PreventingViolence.aspx>. Other SAMHSA sponsored links related to youth and school violence prevention resources can be found at <http://www.sshs.samhsa.gov/initiative/resources.aspx>.

SAMHSA provides information on evidence-based practices and programming related to preventing youth violence and child suicides. Information on a number of programs that bidders may want to consider in their Applications can be found at the **National Registry of Evidence-Based Programs and Practices (NREPP)**. NREPP is SAMHSA's online registry of interventions that have demonstrated effectiveness in the prevention or treatment of mental health and substance use disorders, including a number of interventions that address suicide and violence. The web address for NREPP is: <http://www.nrepp.samhsa.gov/Index.aspx>. You can search for programs by entering keywords such as youth violence or suicide. It is important to note that both prevention and treatment programs are included in NREPP, and programming needs to be prevention-focused for this application.

Information on suicide and violence for Delaware Youth

In 2011, 27% of a random sample of high school students reported feeling sad or hopeless for two or more weeks at a time to the extent that they stopped doing their regular activities. Rates were highest among girls (34% versus 19% of boys) and among Hispanic/Latino students (35% versus 24% of White students and 26% of Black students). A number of Delaware school students have thought about or attempted suicide, as evidenced by responses to bi-annual health risk surveys administered in Delaware public schools in the charts below. It is sobering to note that suicide ideation is higher among middle school students than high school students. Delaware 2011 Youth Risk Behavior Survey (YRBS) Suicide-Related Items:

Violence and bullying are problems associated with youth suicide. Responses to the Delaware School Survey in 2011 indicate that 14% of 8th graders and 20% of 11th graders felt that they were bullied on school property in the past 12 months. Twenty-eight percent of 8th graders and 22% of 11th graders reported that they have hit someone with the intention of hurting them in the past year. Eighteen percent of 11th graders reported being threatened, called names, made fun of, or teased in a hurtful way by kids at school in the past 30 days; and 8% reported being hit, slapped, kicked, pushed, pinched or choked by kids at school in the past 30 days. Four percent of kids, according to the 2011 Delaware YRBS, had been in a physical fight and required medical attention afterwards, one of the highest rates in the U.S.

Violence is also a problem among Delaware teens. About one in ten Delaware high school students in 2011 reported that they have been hit, slapped, or physically hurt on purpose by a boyfriend or girlfriend in the past year; and the percentages were almost the same for boys and girls, 9% boys and 10% girls. Eight percent of Delaware high school students (5% boys, 12% girls) reported in 2011 that they have been forced to have sexual intercourse when they did not want to.

More information on both national and Delaware youth violence and suicide rates, as well as other youth risk and protective factors, is available at the CDC YRBSS site: <http://apps.nccd.cdc.gov/youthonline/App/Results.aspx?LID=DE>, and at the CDC webpage on youth violence: <http://www.cdc.gov/violenceprevention/youthviolence/>.

Other information on Delaware youth will be available at the website of Delaware's State Epidemiological Outcome Workgroup, the Delaware Drug and Alcohol Tracking Alliance (DDATA): <http://www.udel.edu/delawaredata/>, with special reports on youth violence and suicide in the "What's New" Section of the website.

- D. Subcontracts. The CONTRACTOR shall not enter into any subcontract for any portion of the services covered by this Contract, except with the prior written approval of the DEPARTMENT, which shall not be unreasonably withheld. The requirements of this paragraph do not extend to the purchase of articles, supplies, equipment, and other day-to-day operational expenses in support of staff providing the services covered by this Contract. No provision of this paragraph and no such approval by the DEPARTMENT of any subcontract shall be deemed in any event or in any manner to provide for the incurrence of any obligation by the DEPARTMENT in addition to the total agreed upon cost under this Contract. For the purpose of this Agreement, licensed independent professionals including, but not limited to, physicians, psychologists, social workers and counselors shall not be considered "subcontractors" as that term is used in this paragraph.
- E. Non-Assignability. The CONTRACTOR shall not assign the contract or any portion thereof without prior written approval of the DEPARTMENT and subject to such conditions and provisions as the DEPARTMENT may deem necessary. No such approval by the DEPARTMENT of any assignment shall be deemed to provide for the incurrence of any obligations of the DEPARTMENT in addition to the total agreed upon price of the Contract.
- F. Interpretation.
1. Third Party Beneficiary Exclusion. This Contract is executed solely for the mutual benefit of the PARTIES. It is the express intention of the PARTIES that no provision of this Contract should be interpreted to convey any rights or benefits to any third party.
 2. Choice of Law. This Contract shall be interpreted and any disputes resolved according to the laws of the State of Delaware. The CONTRACTOR agrees to be bound by the laws of the State of Delaware and to bring any legal proceedings arising hereunder in a court of the State of Delaware. The CONTRACTOR shall submit to the Contract Manager copies of all licenses, accreditations, certifications, sanctions, and any other documents that may reasonably be required as specified by the DEPARTMENT. If the CONTRACTOR conducts business in Delaware, the CONTRACTOR must possess a valid Delaware Business License, obtainable from the State of Delaware Division of Revenue. The CONTRACTOR shall submit a copy of the license at the time of signature of the Contract; provided, however, that if the CONTRACTOR is a non-profit organization, the CONTRACTOR shall instead submit, at the time of signature of the Contract, written approval from the U.S. Internal Revenue Service of this non-profit status.
 3. Change in Business Status. The CONTRACTOR shall promptly notify the DEPARTMENT of any change in its ownership, business address, corporate status, and any other occurrence or anticipated occurrence that could materially impair the qualifications or ability of the CONTRACTOR to conduct business under this Contract.
 4. Suspension/Exclusion from Medicaid/Medicare. If the CONTRACTOR is suspended or excluded from participation in the Medicaid Assistance Program of the State of Delaware or another state or from the

Medicare Program, or charged with sanctions or violation of such programs, the CONTRACTOR shall promptly notify the DEPARTMENT in writing of such charges, sanctions, violations, suspension or exclusion. CONTRACTOR agrees such suspension, exclusion, violations, sanctions, or charges may, at the DEPARTMENT's discretion, be deemed a material breach of this Contract and good cause for immediate termination of this Contract, and the DEPARTMENT shall not be liable for any services provided after the date of such termination.

H. Records and Audits.

1. Maintenance. The CONTRACTOR shall maintain books, records, documents, and other evidence pertaining to this Contract to the extent and in such detail as shall adequately document the provision of reimbursed services for purposes of programmatic or financial audit. The CONTRACTOR agrees to maintain specific program records and statistics as may be reasonably required by the DEPARTMENT. The CONTRACTOR agrees to preserve and, upon request, make available to the DEPARTMENT such records for a period of five (5) years from the date services were rendered by the CONTRACTOR. Records involving matters in litigation shall be retained for five years or one (1) year following the termination of such litigation (whichever is later).
2. Availability for Audits and Program Review. The CONTRACTOR agrees to make such records available for inspection, audit, or reproduction to any official State of Delaware representative in the performance of his/her duties under the Contract. The CONTRACTOR agrees that an on-site program review, including, but not limited to, review of service records and review of service policy and procedural issuances may be conducted at any reasonable time, with or without notice, by the DEPARTMENT when it is concerned with or about the services performed hereunder. Failure by the CONTRACTOR to accord the DEPARTMENT reasonable and timely access for on or off-site program review or to necessary records for programmatic or organizational audit may, at the DEPARTMENT'S discretion, be deemed a material breach of this Contract and good cause for immediate termination of this Contract, and the DEPARTMENT shall not be liable for any services provided after the date of such termination.
3. Costs Owed. The cost of any Contract audit disallowances resulting from the examination of the CONTRACTOR's financial records will be borne by the CONTRACTOR. Reimbursement to the DEPARTMENT for disallowances shall be drawn from the CONTRACTOR's own resources and not charged to Contract costs or cost pools indirectly charging Contract costs.
4. Contract Termination. The CONTRACTOR shall maintain program records for a period of five (5) years from the date services were rendered by the CONTRACTOR and shall make these records available on request by the DEPARTMENT, notwithstanding any termination of this Contract.

- I. Assignment of Causes of Action Relating to Antitrust Laws. In the event the CONTRACTOR is successful in an action under the antitrust laws of the United States and/or the State of Delaware against a vendor, supplier, subcontractor, or other party who produces particular goods or services to the CONTRACTOR that impact on the budget for this Contract, the CONTRACTOR agrees to reimburse the DEPARTMENT the pro rata portion of the damages awarded that are attributable to the goods and/or services used by the CONTRACTOR to fulfill the requirements of this Contract. In the event the CONTRACTOR refuses or neglects after reasonable notice by the DEPARTMENT to bring such antitrust action, the CONTRACTOR will be deemed to assign such action to the DEPARTMENT.
